

If you would like to help, there are two periods on fair day when we need volunteers:

7-9 am for check-in, display and safety inspections, directing foot traffic

3-5 pm for placing out ribbons, paperwork, signage

All volunteers receive a fair T-shirt and those in the morning will also get a small gift and discount coupons to the Museum of Nature and Science.

Please email us scifair@physics.smu.edu your Name and which period(s) you will volunteer for.

You should report to The Food and Fiber Pavillion at the beginning of the period and will be oriented.

Thanks!

Dr. Simon Dalley

DRSEF President
